Broken China 6th November 1996

“Blue Room In Venice” (Wright, Gordon)

---

I can see you, through a pool of darkness,  
I stretch out my hand to reach you.

I know you are there,  
So please look at me.  
How I've missed you  
How I've missed love  
My hand is here.

If you still know me  
Then touch my fingertips.

I see the waters move above your face  
I feel your naked hand  
Please don't let go again.

Your sacrifice  
That meant so much  
Left us with no place to stand  
Please let me touch  
Let me near  
Let me near.
